THE SMS ENVIRONMENTAL APPROACH

WHY OUR TRAINING TRANSFORMS PROFESSIONALS

SMS Environmental provides flexible courses to support staff that carry out control measures onsite in line with Health and Safety Legislation and Guidance.

We are known for high-quality training across the UK, offering both standard and bespoke courses.

These range from basic Legionella awareness to in-depth Legionella Control Management for Duty Holders. We also offer CIBSE (CPD) Accredited and City & Guilds assured courses, tailored to your organisation's needs.

Contact us today and extend your knowledge of Legionella.

'VERY GOOD TRAINING. THE PRESENTER MAINTAINED MY ATTENTION AT ALL TIMES WHICH MADE THE DAY BOTH ENJOYABLE AND INFORMATIVE. SMS PROVIDED VALUABLE INSIGHTS AND PRACTICAL KNOWLEDGE ON OPTIMISING CLOSED HEATING AND COOLING SYSTEMS. THE INFORMATION PROVIDED WILL HELP SHAPE OUR TRUSTS FUTURE

Estates Manager, NHS Foundation Trust

YOUR ACHIEVEMENTS, RECOGNISED

BEYOND THE CERTIFICATE – YOUR RECOGNITION

Assured is a joint service between *City & Guilds* and *ILM*, which recognises excellence in training programme delivery. It ensures that you can have the confidence and reassurance that your training will meet best practice standards and provides additional credibility when scrutinised by the regulator or inspection body.

EMPLOYERS ARE REQUIRED TO HAVE ARRANGEMENTS IN PLACE FOR THE MANAGEMENT OF HEALTH AND SAFETY... AND TO PROVIDE EMPLOYEES WITH SUITABLE AND SUFFICIENT INFORMATION, INSTRUCTION, AND TRAINING.

HSE, ACoP L8, The Control of Legionella Bacteria in Water Systems

OUR COURSES

We offer a number of pre-defined courses that help organisations maintain suitable training levels across multiple staff roles involved in the management of Legionella and its control.

We offer Legionella awareness and responsible persons training, plus additional courses to help onsite staff manage Legionella, improving control and delivering long-term cost savings.

About Our Expert:

Jemma Tennant is **Chair of the Water Management Society (WMSoc)** and **Technical Consultant for SMS Environmental**, with decades of expertise in water management and Legionella control, specialising in safe water systems and regulatory compliance.

What You Get on the Day

- **Course Materials:** Resources for your learning.
- **SMS Goodie Bag:** Training essentials.
- **Digital Certificate:** Proof of completion.
- **Lunch:** A tasty meal and networking session.

LEGIONELLA AWARENESS FOR LEADERS

Our training programmes offer comprehensive knowledge on Legionella management, HSE guidelines, and control measures, empowering both experienced and new professionals to manage Legionella effectively.

KEY TAKEAWAYS

- ⊕ Gain a deep understanding of Legionella's history and legislation.
- ⊕ Explore Legionella risk assessments, control measures, and written schemes.
- ⊕ Learn HSE reporting requirements, protocols, and digital record-keeping.
- ⊕ Learn to manage risks while complying with health and safety regulations.

Classroom training

While online learning has its benefits, in-person training provides greater value through interactive discussions, real-time feedback, and networking for better understanding and retention.

What is the benefit of a digital credential?

Digital credentials, issued and verified online, let individuals showcase their skills to employers, clients, and peers via unique URLs shared on social media, email signatures, and CVs.

A MARK OF EXCELLENCE

ELEVATE YOURSELF WITH RECOGNISED STANDARDS

In collaboration with City & Guilds Assured standards, our courses are developed to help you meet and exceed best practice standards.

Enrolling in our transformative training programmes has never been easier. Check out upcoming dates and secure your spot via Eventbrite in a location near you:
